RE: Report to the Legislature Regarding the Status of Advanced  
Telecommunications Infrastructure

05-ST-114

Data Request Responses Due:  
**Friday, August 12, 2005**

This docket uses the Electronic  
Regulatory Filing System (ERFS)

Address Data Request Responses To:  
**Judy Klug, Staff Engineer**  
**Telecommunications Division**  
Public Service Commission  
P.O. Box 7854  
Madison, WI 53707-7854

This letter forwards for your attention a request for data<sup>1</sup> relative to telecommunications infrastructure status. The request, titled "2004 Infrastructure Data Request," are compiled under Data Request A and B. Data Request A is being sent to incumbent providers and Data Request B to competitive providers. This information is used for a Public Service Commission (PSC) report prepared for the legislature every two years on the state of telecommunications infrastructure in Wisconsin.<sup>2</sup> Much of the information for that report will be obtained from Incumbent Local Exchange Carriers (ILECs) and Competitive Local Exchange Carriers (CLECs) annual reports; however, there are some additional items on which we need supplemental information to provide a more complete report to the legislature. The information being requested is for year-end 2004. The request is also exchange-specific, so please copy the data request page to the extent necessary or use the PSC provided electronic response form referenced in the last paragraph of this letter.

This information on infrastructure is necessary to meet a statutory Commission reporting requirement under Wis. Stat. § 196.196(5) (f) and does not duplicate information presently on file with the PSC.

Responses to the data request must be filed under docket 05-ST-114, using the Electronic Regulatory Filing System (ERFS). The ERFS system can be accessed through the Public Service Commission Website at: [http://psc.wi.gov/apps/erf\\_public/default.aspx](http://psc.wi.gov/apps/erf_public/default.aspx). Data request answer forms in Excel format are available on the PSC web site along with Word copies of the data

<sup>1</sup> Wis. Stat. § 196.25 (3) outlines utility responsibility regarding response to Commission questionnaires.

<sup>2</sup> The previous biennial report to the Joint Committee on Information Policy is available for review on the PSC web site at: <http://psc.wi.gov/utilityinfo/tele/infrastructureCompetitive/infrastructureStatus.htm>. The report is titled "Status of Investments in Advanced Telecommunications Infrastructure" (March 2004).
